Reaccredited 'A' Grade by NAAC (CGPA:3.50/4.00)
College with Potential for Excellence by UGC
DST-FIST Supported
Jabalpur (M.P.)

Invitation

The Aloysian Fraternity cordially invites and welcomes you to the National Seminar on "SPIRITUAL INTELLIGENCE AND MENTAL HEALTH: A NEW PARADIGM IN TEACHER EDUCATION" to be held on 24th-25th March, 2017, organized by Department of Education.

About The College

St. Aloysius College, a premier educational institution in Jabalpur, has carved a niche for itself over the years. It stands as an epitome of success, with its qualitative teaching and holistic development. The college has been the proud recipient of "College with Potential for Excellence" by UGC. It is the first private college to be reaccredited as 'A' level by NAAC, Bangalore with CGPA score of 3.5/4.0 and has been granted autonomous status and is also DST-FIST supported. The college provides an environment conducive to rigorous training and learning programs. The motto of the college Virtus in Arduo 'Strength through Striving' propels the Aloysian fraternity to overcome barriers through constant perseverance.

About the Seminar

Development of science and technology has contributed towards material development of the society without corresponding spiritual development. Such development is lop-sided thereby distorting the world of objective fact. A society with high spiritual intelligence and sound mental health contributes to the harmony and betterment of the nation. A fundamental shift is taking place in philosophical paradigm of education from seeing the world in a mechanical way to a new paradigm mediating our understanding of the world by language, beliefs, values and ways of being. This reflects a shift towards the exploration of spiritual concerns. The role of teacher will inevitably have to change in view of this paradigm shift. Teacher Education institutions should prepare more effective teachers for this new role to be performed. The spiritual intelligence and sound mental health is necessary for discernment in making spiritual choices that contribute to psychological well being and overall healthy human development. The National Seminar aims to bring together leading academicians and researchers to exchange and share their experiences and research results on all aspects of spiritual intelligence and mental health. It will also provide a platform for researchers and educators to present and discuss the most recent innovations, trends, and concerns adopted in the field of spiritual intelligence and sound mental health. The oral presentation in the seminar will aim to boost more fruitful exchange of ideas.

Objectives

- To promote spiritual intelligence and mental health for peace and sustainable development.
- To articulate and identify the activities, contents and programmes for promoting spiritual intelligence and mental health.
- To promote inter-disciplinary research activities in education for spiritual intelligence and mental health.
- To prepare professionally competent teachers for harmonious living with co-existence.
- To facilitate establishment of centres of excellence in teacher education for enhancing spiritual intelligence and mental health.
- To update the teacher education according to global norms established by UNESCO and other bodies.

Call for Papers

Papers are invited in English & Hindi on any of sub themes mentioned. The paper should have keywords, an abstract of not more than 200 words and the length of the full paper including tables, diagrams and references should be between 2500 to 3000 words.
